

Dear parents and guardians,

Science ALIVE, c/o SFU Faculty of Applied Sciences Outreach Unit, is dedicated to sparking a lifelong passion for science and engineering. Science ALIVE strives to engage youth in hands-on STEAM (Science, Technology, Engineering, Art & Design, Mathematics) programs to build measurable skills and improve self-confidence.

Science ALIVE is excited to partner with the Haida Gwaii Recreation Centre to offer our Pathways to STEAM Summer camp, free for participants to get the opportunity to explore the dynamic and exciting world of STEAM (Science, Technology, Engineering, Arts & Design, and Mathematics).

If you wish for your child to participate in our Summer camp, please fill out the registration request form attached to this letter. Note that spots are limited, so the soon it is submitted, the better!

In order to participate in Science ALIVE's Summer camp, you will need to:

- Complete and submit this registration form.
- Pack a lunch for your child daily- **no lunch is provided at camp.**
- Help your child get to camp (drop them off and pick them up).

If you will be late to pick up your child, please call our instructors and let them know. Save their numbers so that they can easily be contacted.

- Eleina: (778-792-9005)
- Joban: (778-552-9536)

### **What happens after I submit the registration request form?**

A member of our team will send you a follow-up email with confirmation of your child's registration.

We look forward to welcoming your child to our Summer camp! If you have any questions, please contact us at [fascoord@sfu.ca](mailto:fascoord@sfu.ca).

Kind regards,  
Science ALIVE at SFU Faculty of Applied Sciences
